5. Social media

Facebook plugins (Like & Share buttons)
Our website includes plugins for the social network Facebook, Facebook Inc., 1 Hacker Way, Menlo Park, California 94025, USA. The Facebook plugins can be recognized by the Facebook logo or the Like button on our site. For an overview of Facebook plugins, see https://developers.facebook.com/docs/plugins/.
When you visit our site, a direct connection between your browser and the Facebook server is established via the plugin. This enables Facebook to receive information that you have visited our site from your IP address. If you click on the Facebook “Like button” while you are logged into your Facebook account, you can link the content of our site to your Facebook profile. This allows Facebook to associate visits to our site

with your user account. Please note that, as the operator of this site, we have no knowledge of the content of the data transmitted to Facebook or of how Facebook uses these data. For more information, please see Facebook's privacy policy at https://de-de.facebook.com/policy.php.
If you do not want Facebook to associate your visit to our site with your Facebook account, please log out of your Facebook account.

Twitter plugin
Functions of the Twitter service have been integrated into our website and app. These features are offered by Twitter Inc., 1355 Market Street, Suite 900, San Francisco, CA 94103, USA. When you use Twitter and the "Retweet" function, the websites you visit are connected to your Twitter account and made known to other users. In doing so, data will also be transferred to Twitter. We would like to point out that, as the provider of these pages, we have no knowledge of the content of the data transmitted or how it will be used by Twitter. For more information on Twitter's privacy policy, please go to https://twitter.com/privacy.

Google+ plugin
Our pages use Google+ functions. It is operated by Google Inc., 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA.
Collection and disclosure of information: Using the Google +1 button allows you to publish information worldwide. By means of the Google+ button, you and other users can receive custom content from Google and our partners. Google stores both the fact that you have +1'd a piece of content and information about the page you were viewing when you clicked +1. Your +1 can be displayed together with your profile name and photo in Google services, for example in search results or in your Google profile, or in other places on websites and advertisements on the Internet.
Google records information about your +1 activities to improve Google services for you and others. To use the Google + button, you need a globally visible, public Google profile that must contain at least the name chosen for the profile. This name is used by all Google services. In some cases, this name may also replace a different name that you have used to share content via your Google account. The identity of your Google profile can be shown to users who know your email address or other information that can identify you.
Use of collected data: In addition to the uses mentioned above, the information you provide is used in accordance with the applicable Google data protection policies. Google may publish summary statistics about users' +1 activity or share it with users and partners, such as publishers, advertisers, or affiliate websites.

LinkedIn plugin
Our site uses functions from the LinkedIn network. The service is provided by LinkedIn Corporation, 2029 Stierlin Court, Mountain View, CA 94043, USA.
Each time one of our pages containing LinkedIn features is accessed, your browser establishes a direct connection to the LinkedIn servers. LinkedIn is informed that you have visited our web pages from your IP address. If you use the LinkedIn "Recommend" button and are logged into your LinkedIn account, it is possible for LinkedIn to associate your visit to our website to your user account. We would like to point out that, as the provider of these pages, we have no knowledge of the content of the data transmitted or how it will be used by LinkedIn.
More information can be found in the LinkedIn privacy policy at https://www.linkedin.com/legal/privacy-policy.

Your IP address will be shortened by Google within the European Union or other parties to the Agreement on the European Economic Area prior to transmission to the United States. Only in exceptional cases is the full IP address sent to a Google server in the US and shortened there. Google will use this information on behalf of the operator of this website to evaluate your use of the website, to compile reports on website activity, and to provide other services regarding website activity and Internet usage for the website operator. The IP address transmitted by your browser as part of Google Analytics will not be merged with any other data held by Google.

https://tools.google.com/dlpage/gaoptout?hl=en.

Objecting to the collection of data

You can prevent the collection of your data by Google Analytics by clicking on the following link. An opt-out cookie will be set to prevent your data from being collected on future visits to this site: Opt-Out Google Analytics.

https://support.google.com/analytics/answer/6004245?hl=en.

Outsourced data processing

We have entered into an agreement with Google for the outsourcing of our data processing and fully implement the strict requirements of the German data protection authorities when using Google Analytics.

Demographic data collection by Google Analytics

This website uses Google Analytics’ demographic features. This allows reports to be generated containing statements about the age, gender, and interests of site visitors. This data comes from interest-based advertising attributed to any specific individual person. You can disable this feature at any time by adjusting the ads settings in your Google account or you can forbid the collection of your data by Google Analytics as described in the section “Refusal of data collection”.

WordPress Stats

This website uses the WordPress Stats tool to perform statistical analyses of visitor traffic. This service is provided by Automattic Inc., 60 29th Street # 343, San Francisco, CA 94110-4929, USA.

WordPress Stats uses cookies that are stored on your computer and allow an analysis of the use of the website. The information generated by the cookies about the use of our website is stored on servers in the USA. Your IP address will be anonymized after processing and before storage.
WordPress Stats cookies remain on your device until you delete them.
The storage of “WordPress Stats” cookies is based on Art. 6 (1) (f) DSGVO. The website operator has a legitimate interest in analyzing user behavior to optimize both its website and its advertising.
You can configure your browser to inform you about the use of cookies so that you can decide on a case-by-case basis whether to accept or reject a cookie. Alternatively, your browser can be configured to automatically accept cookies under certain conditions or to always reject them, or to automatically delete cookies when closing your browser. The functionality of our services may be limited when cookies are disabled.
You can object to the collection and use of your data at any time with future effect by clicking on this link and setting an opt-out cookie in your browser: https://www.quantcast.com/opt-out/.
If you delete the cookies on your computer, you will have to set the opt-out cookie again.

Google AdSense
This website uses Google AdSense, a service for including advertisements from Google Inc. (“Google”). It is operated by Google Inc., 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA.
Google AdSense uses so-called “cookies”, which are text files stored in your computer that enable an analysis of the way you use the website. Google AdSense also uses socalled web beacons (invisible graphics).
Through these web beacons, information such as the visitor traffic on these pages can be evaluated.
The information generated by cookies and web beacons relating to your use of this website (including your IP address), and delivery of advertising formats, is transmitted to a Google server in the US and stored there. This information can be passed on from Google to contracting parties of Google. However, Google will not merge your IP address with other data you have stored.
AdSense cookies are stored based on Art. 6 (1) (f) DSGVO. The website operator has a legitimate interest in analyzing user behavior to optimize both its website and its advertising.
You can prevent the installation of cookies by setting your browser software accordingly. Please be aware that in this case, you may not be able to make full use of all the features of this website. By using this website, you agree to the processing of data relating to you and collected by Google as described and for the purposes set out above.

Google Analytics Remarketing
Our websites use the features of Google Analytics Remarketing combined with the cross-device capabilities of Google AdWords and DoubleClick.
This service is provided by Google Inc., 1600 Amphitheater Parkway, Mountain View, CA 94043, USA.
This feature makes it possible to link target audiences for promotional marketing created with Google Analytics Remarketing to the cross-device capabilities of Google AdWords and Google DoubleClick. This allows advertising to be displayed based on your personal interests, identified based on your previous usage and surfing behavior on one device (e.g. your mobile phone), on other devices (such as a tablet or computer).
Once you have given your consent, Google will associate your web and app browsing history with your Google Account for this purpose. That way, any device that signs in to your Google Account can use the same personalized promotional messaging.
To support this feature, Google Analytics collects Google-authenticated IDs of users that are temporarily linked to our Google Analytics data to define and create audiences for cross-device ad promotion.
You can permanently opt out of cross-device remarketing/targeting by turning off personalized advertising in your Google Account; follow this link: https://www.google.com/settings/ads/onweb/.
The aggregation of the data collected in your Google Account data is based solely on your consent, which you may give or withdraw from Google per Art. 6 (1) (a) DSGVO. For data collection operations not merged

into your Google Account (for example, because you do not have a Google Account or have objected to the merge), the collection of data is based on Art. 6 (1) (f) DSGVO. The website operator has a legitimate interest in analyzing anonymous user behavior for promotional purposes.
For more information and the Google Privacy Policy, go to:
https://www.google.com/policies/technologies/ads/.

Google AdWords and Google Conversion Tracking
This website uses Google AdWords. AdWords is an online advertising program from Google Inc., 1600 Amphitheater Parkway, Mountain View, CA 94043, United States ("Google").
As part of Google AdWords, we use so-called conversion tracking. When you click on an ad served by Google, a conversion tracking cookie is set. Cookies are small text files that your internet browser stores on your computer. These cookies expire after 30 days and are not used for personal identification of the user. Should the user visit certain pages of the website and the cookie has not yet expired, Google and the website can tell that the user clicked on the ad and proceeded to that page.
Each Google AdWords advertiser has a different cookie. Thus, cookies cannot be tracked using the website of an AdWords advertiser. The information obtained using the conversion cookie is used to create conversion statistics for the AdWords advertisers who have opted for conversion tracking. Customers are told the total number of users who clicked on their ad and were redirected to a conversion tracking tag page. However, advertisers do not obtain any information that can be used to personally identify users. If you do not want to participate in tracking, you can opt-out of this by easily disabling the Google Conversion Tracking cookie by changing your browser settings. In doing so, you will not be included in the conversion tracking statistics.
Conversion cookies are stored based on Art. 6 (1) (f) DSGVO. The website operator has a legitimate interest in analyzing user behavior to optimize both its website and its advertising.
For more information about Google AdWords and Google Conversion Tracking, see the Google Privacy Policy: https://www.google.de/policies/privacy/.
You can configure your browser to inform you about the use of cookies so that you can decide on a case-by-case basis whether to accept or reject a cookie. Alternatively, your browser can be configured to automatically accept cookies under certain conditions or to always reject them, or to automatically delete cookies when closing your browser. Disabling cookies may limit the functionality of this website.

Google reCAPTCHA
We use "Google reCAPTCHA" (hereinafter "reCAPTCHA") on our websites. This service is provided by Google Inc., 1600 Amphitheater Parkway, Mountain View, CA 94043, USA ("Google").
reCAPTCHA is used to check whether the data entered on our website (such as on a contact form) has been entered by a human or by an automated program. To do this, reCAPTCHA analyzes the behavior of the website visitor based on various characteristics. This analysis starts automatically as soon as the website visitor enters the website. For the analysis, reCAPTCHA evaluates various information (e.g. IP address, how long the visitor has been on the website, or mouse movements made by the user). The data collected during the analysis will be forwarded to Google.
The reCAPTCHA analyses take place completely in the background. Website visitors are not advised that such an analysis is taking place.
Data processing is based on Art. 6 (1) (f) DSGVO. The website operator has a legitimate interest in protecting its site from abusive automated crawling and spam.
For more information about Google reCAPTCHA and Google's privacy policy, please visit the following links: https://www.google.com/intl/de/policies/privacy/ and https://www.google.com/recaptcha/intro/android.html.

Facebook Pixel
Our website measures conversions using visitor action pixels from Facebook, Facebook Inc., 1601 S. California Ave, Palo Alto, CA 94304, USA ("Facebook").
These allow the behavior of site visitors to be tracked after they click on a Facebook ad to reach the

provider's website. This allows an analysis of the effectiveness of Facebook advertisements for statistical and market research purposes and their future optimization.
The data collected is anonymous to us as operators of this website and we cannot use it to draw any conclusions about our users' identities.
However, the data are stored and processed by Facebook, which may make a connection to your Facebook profile and which may use the data for its own advertising purposes, as stipulated in the Facebook privacy policy (https://www.facebook.com/about/privacy/). This will allow Facebook to display ads both on Facebook and on third-party sites. We have no control over how this data is used.
Check out Facebook's privacy policy to learn more about protecting your privacy: https://www.facebook.com/about/privacy/.
You can also deactivate the custom audiences remarketing feature in the Ads Settings section at https://www.facebook.com/ads/preferences/?entry_product=ad_settings_screen. You will first need to log into Facebook.
If you do not have a Facebook account, you can opt out of usage-based advertising from Facebook on the website of the European Interactive Digital Advertising Alliance: http://www.youronlinechoices.com/de/praferenzmanagement/.

The Privacy Shield is an agreement between the European Union (EU) and the US to ensure compliance with European privacy standards in the United States.
We use MailChimp to analyze our newsletter campaigns. When you open an email sent by MailChimp, a file included in the email (called a web beacon) connects to MailChimp's servers in the United States. This allows us to determine if a newsletter message has been opened and which links you click on. In addition, technical information is collected (e.g. time of retrieval, IP address, browser type, and operating system). This information cannot be assigned to a specific recipient. It is used exclusively for the statistical analysis of our newsletter campaigns. The results of these analyses can be used to better tailor future newsletters to your interests.
